SPEED

Top Speed	Cruising Speed	Long Range
85 km/h	30 km/h	10 km/h

RANGE

Speed	Range	Travel Time
70 km/h	50 km	43 min
30 km/h	86 km	172 min
10 km/h	280 km	1728 min

Range depends on the specific conditions on every trip. Actual range and speed can be reduced by additional loads, wind, current, the drivers driving style, as well as by the age and condition of batteries, engine and propeller. All ranges have been calculated for an available battery capacity of 100%.
